1. Search for the **Pearson Courses** app in the iOS App Store.

2. Tap the **Free** button in the Pearson LearningStudio App section, and tap **Install App**.

3. After the app is downloaded you will tap the same button to open the app, or you can open it from your iPad Home Screen.

4. Once app has launched type in **Moberly Area Community College** and you will tap that to proceed to the next step.

5. Type your **Student ID#** for the **Username** box and your **MACC Online password** in the **Password** box. Then tap **Sign In**.
6. To view the quick tour tap **Continue** or tap **Skip** to proceed without tour.

7. If you choose to do the tour this screen will appear. Swipe left with your finger to view the different screenshots.

8. Once the tour is complete tap **Start Using Courses** to move on to your course list.

9. This is the screen where you can view your course list, see any course news items in your Activity Stream, find Help, provide Feedback, or Sign Out of your session.

10. Enter your course by tapping on the appropriate class.

11. Once in your course, you may explore it using the menu on the left portion of the screen. This includes course content and tools such as the Syllabus, Discussions, Dropbox, Gradebook, Doc Sharing, and People.

*NOTE* At this time users cannot submit assignments to the Dropbox from their iPad. This functionality may be added in the future.
