Making the most of your money

What if you could make your earnings stretch further? A Flexible Spending Account (FSA) can help you do just that. Moberly Area Community College offers you an opportunity to participate in two FSA programs: A Healthcare FSA and a Dependent Care FSA. An FSA is a tax-effective, money-saving option that will help you pay for qualified healthcare expenses that aren’t covered by your medical plan, and for dependent care services necessary to enable you to work.

Here’s how an FSA works:

▪ **Eligible medical expenses.** Use pre-tax dollars to pay for eligible medical care expenses not reimbursed by a medical plan. All IRS code 213(d) expenses are eligible, including your deductible, coinsurance and copays, and expenses above usual and customary limits. Out-of-pocket expenses on prescription drugs, dental, vision, hearing and orthodontic care are eligible as well. Certain over-the-counter items may qualify, too.

▪ **Dependent care costs.** Pre-tax dollars can be set aside for day care type expenses for eligible children or adults. Expenses are eligible if they’re for the care of a person under age 13, or an older dependent who is unable to care for themselves. They must regularly spend at least eight hours a day in your home.

Maximize your savings potential

You will gain the most savings from your FSA if you plan carefully. When you enroll in an FSA, you designate in advance the amount of money you wish to have deducted from your salary and deposited into your FSA over the length of a year. To do this, you must estimate in advance the annual costs you want your FSA to cover.

If you underestimate, you will deplete your FSA before the end of the year, losing some of your tax-savings potential. If you overestimate and there is money left in your FSA at the end of the year, you may have to forfeit this money. Your employer has opted for a grace period extension; this allows you to incur expenses two months and 15 days after the end of the plan year to be applied toward the previous plan year balance.

Important note! While it probably is not possible to precisely anticipate your eligible FSA costs, Meritain Health provides two calculation worksheets to help you: *FSA Worksheet and Eligible Expenses Guide* and *Dependent Care FSA Determination*. These worksheets are located in this kit, and include examples of eligible and ineligible expenses that can be applied towards your Healthcare and Dependent Care FSAs.

**Limited FSA vs. General Purpose FSA**

If you enroll in the Moberly Area Community College’s Health Savings Account (HSA), you are permitted to also enroll in the Limited Flexible Savings Account (FSA). This account can work alongside with an HSA account and allows you to submit eligible dental, vision, or orthodontia expenses for reimbursement. If you are not enrolled in the HSA, the full or general purpose FSA is available to you.

Further information will be provided to you from Moberly Area Community College concerning HSAs, how to enroll, and what advantages they may have versus FSAs.
If I have a question about my FSA, whom should I call?

You can contact your dedicated service team for help with claims questions, or for more information about your benefits. The phone number for customer service is 1.800.566.9305.

What is the maximum amount of money I can contribute each year?

The IRS allows a contribution of up to $2,650 towards the healthcare portion of your FSA. For dependent care, the IRS allows a contribution of up to $5,000 per calendar year, or $2,500 if you are married and filing separate tax returns.

What if I want to change my election mid-year?

IRS regulations do not allow you to stop, start or change your contributions at any time during the plan year UNLESS you experience a qualified change in status, such as a change in marital status, number of dependents or employment status. Keep in mind that the election change must be consistent with the event.

How do I file a claim?

Fill out a claim form and attach your healthcare and/or dependent care receipts. Claim forms are available inside this packet. If you need additional forms, contact your benefits department, or access forms online at www.meritain.com. If you have access to your FSA using a benefits debit card, please refer to the information on the next page of this packet.

How often can I submit reimbursement requests?

Claims can be submitted at any time, and are processed weekly on Thursdays.

What if I have more expenses during the plan year than I have contributed at that time?

The annual amount you have elected for healthcare costs is available to you at the beginning of the plan year. The amount available for reimbursement for dependent care is limited to the balance in your account.

What if I still have money in my FSA at year's end?

Your employer allows you two months and 15 days at end of the plan year to incur claims from the previous year; however, a portion of your unused funds may be lost at the end of the plan year. Please review the FSA Reminders page within this kit, for the FSA claim filing deadline.

What if I terminate employment?

Reimbursement can only be requested on healthcare expenses incurred before the date of your termination, unless you qualify and elect continuation of coverage under COBRA. You will have 30 days following the date of termination to submit your FSA claims.
**Your Meritain Health Prepaid Benefits Debit Card**

**What is a benefits debit card?**

Your new Meritain Health Prepaid Benefits Debit Card is a special-purpose MasterCard® that gives you an easy, automatic way to pay for qualified healthcare expenses. You can electronically access the pre-tax dollars set aside in your Flexible Spending Account (FSA).

**How does my debit card work?**

It works like a MasterCard, with the value of your FSA contribution stored on it. When you have a qualified, eligible expense at a business that accepts MasterCard debit cards, you can simply use your benefits debit card. The amount of the qualified purchases will be deducted—automatically—from your account, and the pre-tax dollars will be electronically transferred to the provider/merchant for payment.

**Is this just like other MasterCards?**

No. Your benefits debit card is a special-purpose MasterCard that can be used only for qualified healthcare/benefits expenses. It can’t be used, for example, at gas stations or restaurants. There are no monthly bills and no interest.

**Where can I use my debit card?**

Your card can be used to pay for eligible goods and services at providers/merchants that offer these goods or services and accept MasterCard. IRS regulations allow benefits debit card holders to use their cards in discount stores and supermarkets that are able to identify FSA-eligible items at checkout. If a card holder tries to use his or her card in a discount store or supermarket that doesn’t offer this feature, the card may be declined.

When using your card, make sure to only use it for expenses that have been incurred during the active plan year. Once the new plan year begins, all card transactions will be paid from the new year’s election. It’s important not to use the card to pay for a prior plan year expense.

Please note: Under healthcare reform, you’ll need to obtain a prescription for any OTC medications or drugs in order to receive reimbursement from your FSA. You may use your debit card to purchase OTC items that contain a medicine or drug as long as you present your prescription to the pharmacist at the time of purchase.

You can visit [www.IRS.gov](http://www.IRS.gov) for further details regarding stipulations put in place by the IRS. As a result of healthcare reform, the list of participating discount stores and supermarkets may have changed. Be sure to visit [www.sig-is.org](http://www.sig-is.org) for a current list of participating stores.

**Do I need a new card each year?**

No. As long as an FSA remains part of your benefits plan and you elect to participate each year, your card will be loaded with your new annual election amount at the beginning of each plan year. The debit card is valid for five years; but, if you skip a year, your original card will be reactivated.

If you didn’t keep your original card, you’ll need to request a new card for a nominal fee. If you need a new debit card, please call Meritain Health at 1.800.566.9305.

**Why do I need to save all of my itemized bills or Explanation of Benefits (EOBs)?**

You should always save itemized bills or EOBs for FSA purchases made with your benefits debit card. You may be asked to submit those documents to verify that your expenses comply with IRS guidelines. You must show the merchant or provider name, the service received or the item purchased, the date and the amount of the purchase. You’ll be notified if there is a need to submit a receipt.

**What if I fail to submit receipts to verify a charge?**

If receipts aren’t submitted as requested to verify a charge made with your benefits debit card, the card may be suspended until receipts are received. You may be required to repay the amount charged. Submitting a receipt or repaying the amount in question will allow the card to become active again. It’s important to confirm that your expenses are eligible.

**Valid receipts display:**
- Merchant or provider name.
- The patient name.
- Service rendered or item purchased.
- Date and amount of purchase.
- Amount covered by insurance, if applicable.

The Right Balance: Look Over The Counter!

Guidelines for Over-The-Counter (OTC) medications and supplies for FSAs

The Internal Revenue Service (IRS) allows FSA reimbursement for certain OTC items. To confirm whether or not an item is allowable before it’s purchased, you may contact Meritain Health toll-free at 1.800.566.9305 or visit www.irs.gov.

Important note: OTC items that contain a medication or drug are not eligible for reimbursement through your FSA without a doctor’s prescription. In other words, you must first obtain a prescription for any OTC medications or drugs in order to obtain reimbursement from your FSA, regardless of when the plan year ends. OTCs that do not contain medications or drugs will not require a prescription.

In order for the OTC medicine and/or drug to qualify as a prescription, there must be a written or electronic order that meets the legal requirements of a prescription in the state in which the medical expense is incurred. Also, that the prescription must be issued by an individual who is legally authorized to issue a prescription in that state.

How do I know which OTCs will require a prescription?

OTCs that will require a doctor’s prescription include, but are not limited to the following:

- Acid controllers
- Allergy and sinus
- Antibiotic products
- Anti-diarrheals
- Anti-gas
- Anti-itch and insect bite
- Antiparasitic treatments
- Aspirin, ibuprofen, pain relief
- Baby rash ointments/creams
- Bandages that contain antibiotic ointment
- Cold sore remedies
- Cough, cold and flu
- Digestive aids
- Hemorrhoidal preps
- Laxatives
- Motion sickness
- Respiratory treatments
- Sleep aids and sedatives
- Stomach remedies

Can I use my benefits debit card for OTC purchases?

Yes, you may purchase OTC medications and drugs with your debit card as long as you present your prescription to the pharmacist at the time of purchase. The pharmacist will need to run it through their system as they would any other prescription, assign an Rx number and otherwise meet all IRS guidelines required for debit card use. If you are unable to use your debit card at a particular pharmacy, you must pay out of pocket at the point of sale and then submit a manual claim requesting reimbursement. Please visit www.IRS.gov for further details regarding IRS stipulations.

Here are some helpful tips

- You can continue to use your FSA funds to purchase OTC items that do not contain a medicine or drug (for example: bandages without antibiotic ointments, splints, cold/hot packs, rubbing alcohol, thermometers, etc.).
- Insulin may continue to be reimbursed with or without a prescription.
- You have two months and 15 days after the end of the plan year to submit your claims, so remember to consider these OTC regulations when estimating the dollar amount you put in your FSA for the next plan year.
FSA Reimbursement Made Easy!

The IRS requires proof that you received medical services before claims can be reimbursed by your Flexible Spending Account (FSA). Follow the guidelines below to receive prompt payment.

Guidelines for FSA reimbursement
Submit a completed and signed FSA claim form with the following attachments:

► A copy of your Explanation of Benefits (EOB)
  ● All claims must be submitted to your insurance company or healthcare plan before you request FSA reimbursement.
  ● Estimates for services that haven’t been received can’t be accepted.

► Or a receipt for copays
  ● Your office visit copay receipt must show the patient name, amount paid, provider name and the date of service.
  ● Your prescription drug copay receipt must show the name of the drug, amount paid, the date of purchase and the name of the patient.
  ● Credit card receipts, cancelled checks or cash register receipts can’t be accepted for copays.

► Or for OTC items
  ● Itemized cash register receipts are acceptable for OTC items/supplies that do not contain a medicine or drug.
  ● If the OTC item contains a medicine or drug, you will need to submit a cash register receipt as well as a doctor’s prescription.
  ● A customer receipt issued by a pharmacy that identifies the name of the purchaser (or the name of the person to whom the prescription applies), the date and amount of the purchase, and an Rx number.

► Or when you don’t have coverage
  ● An itemized statement from your healthcare provider if you don’t have insurance coverage (e.g., for dental or vision services).

If you have any questions, please contact our FSA department at 1.800.566.9305.

Important notes

Claim submission
Submit your FSA claims online or mail claim forms and attachments to:

Meritain Health
P.O. Box 30111
Lansing, MI 48909

Or fax to: 1.888.837.3725

Prescriptions for OTCs
In order to obtain FSA reimbursement for OTCs that contain a medicine or drug, you must first obtain a prescription from your doctor.

Make sure the OTC prescription includes the following:
  ▪ Patient name
  ▪ Name of the OTC item
  ▪ Date prescribed (the prescription will be valid for one year from this date)

Orthodontic care
With your first FSA claim, submit a copy of the following: the orthodontic contract or signed financial agreement; banding date; a signed FSA claim form; and proof of down payment. For future claims, you will only need to submit a signed FSA claim form along with proof of payment.
### Estimating your healthcare expenses

The planning worksheet below can help you estimate your eligible healthcare expenses that may not be covered under your company’s group insurance plan. Remember, all eligible healthcare expenses for you, your spouse and your eligible dependents are reimbursable from your Healthcare FSA.

Dependent care tax credit vs. dependent care flexible spending account

If you have qualifying dependent care expenses, you may be able to choose one or both of two ways to reduce your taxes. You may be able to obtain a tax credit (a direct reduction in the amount of taxes you otherwise would owe) or you may be able to reduce your taxable income. This worksheet will help you decide which is better for you.

If you qualify for the tax credit, you are allowed to deduct from the taxes you owe a percentage of the lesser of

1. your actual qualifying dependent care expense or
2. $3,000 if you have one dependent or $6,000 if you have two or more dependents. The percentage is based on your adjusted gross income for the year. The chart to the right will help you determine your percentage.

In lieu of the Dependent Care Tax Credit, each year you may elect to have an amount deducted from your paycheck before taxes and put into your Dependent Care FSA. This amount must be used during the year for qualifying dependent care expenses. In other words, you will not have to pay taxes on the amount you contribute to the Dependent Care FSA that is used to pay your qualifying dependent care expenses. If, however, either you or your spouse has Earned Income (as defined in the plan) of less than $5,000, your income exclusion will be limited to the amount of that Earned Income.

Use the following worksheet to determine whether you should use the Dependent Care Tax Credit or the Dependent Care Flexible Spending Account. Remember to compare your actual dependent care expenses to $3,000 (for one dependent) or $6,000 (for two or more dependents). Take the lesser amount from this comparison and multiply it by your adjusted gross income percentage from the chart. This will be your tax credit.

☐ DECLINING PARTICIPATION
I have reviewed the materials and understand the benefits being offered to me. I understand that the program may offer tax advantages to employees who participate, however, I decline to elect any eligible FSA Plan benefits at this time.

☐ OPT OUT OF PRE-TAX PREMIUM DEDUCTION
I understand that my eligible premiums will be deducted pre-tax unless I choose to opt out. In checking this box, I choose to decline participation in the pre-tax premium deduction option. I understand that the premiums for medical, dental, vision and any other eligible coverages as elected on separate enrollment forms, will be deducted from my pay after tax.

EMPLOYEE SIGNATURE REQUIRED
I understand that the above elections will remain in effect until the last day of the calendar year indicated on this Form. I understand that I may change my elections during the calendar year only if (1) I experience a “status change,” as defined under the Plan and my change in elections is consistent with that “status change,” or (2) I exercise a Special Enrollment Right as described in the Notice of Special Enrollment Periods that accompanies this Election Form. I also understand that if I do not submit a new Election Form during the next annual election period, the above elections will terminate at the end of the calendar year for which they are effective. I understand that the Employer may modify my benefit elections if appropriate to insure that the Plan complies with the requirements of the Plan and applicable law and that, subject to the requirements of applicable law, the Employer has the right to amend or terminate the Plan. I understand that if I fail to request Plan enrollment within 30 days after my (and/or my dependent’s) other coverage ends, I will not be eligible to enroll myself or my dependent(s), as applicable, during the special enrollment period.

### Guidelines for Reimbursement

**NOTE:** Incomplete or illegible submission may result in processing delays. Be sure to include all necessary information, and sign and date the form. Please make copies for your records, as these documents will not be returned. If you fax your claim, keep the original.

#### Health Flexible Spending Account
- Attach a copy of the Explanation of Benefits (EOB) for each submission. All claims **MUST** be submitted to your insurance company prior to request for reimbursement. **Estimates for services that have not yet been incurred cannot be accepted.**
  - OR Submit a paid receipt for your copays. **Credit card receipts, canceled checks, or cash register receipts cannot be accepted for copays.** Itemized cash register receipts are acceptable for over-the-counter (OTC) items/supplies that do not contain a medicine or drug. If the OTC item **does** contain a medicine or drug, you will need to submit a cash register receipt as well as a doctor’s prescription.
  - OR If you do not have insurance coverage, submit an itemized statement from the provider showing the provider’s name and address, patient name, date and description of service and amount charged. Additionally, prescription expenses must include the drug name or number. **Balance forward or paid on account statements cannot be accepted.**
- Orthodontic reimbursement: For the first request, submit a copy of the Service Agreement or contract itemizing the treatment period, down payment, monthly payment, banding date and amount covered by insurance, if any. For subsequent claims, submit a copy of your monthly payment coupon and/or itemized receipt each time you request reimbursement.

#### Dependent Care Reimbursement Account
- Expenses submitted must have been incurred for the care of a “qualifying individual” for the purpose to be gainfully employed.
- A qualifying individual is (i) a dependent of yours under age 13, (ii) a dependent of yours (or your spouse) who is incapable of caring for himself/herself.
