Dr. Lucas Volkman

Professor of History, Moberly Area Community College

Originally from Illinois, Lucas Volkman came to the area as a graduate student in history at the University of Missouri. While in graduate school, he started teaching as an adjunct at MACC and ultimately finished with his Ph.D. from Mizzou. He began teaching full-time at MACC in 2014.

Lucas published *Houses Divided: Evangelical Schisms and the Crisis of the Union in Missouri* with Oxford University Press in 2018. During his time at MACC, he has enjoyed working with his fellow faculty and staff and interacting with his students, who come from various backgrounds. Currently, he serves as the Faculty Forum Chair. Lucas is a big fan of the Cardinals, Blues, and Chiefs. He lives in Columbia with his wife Crissy and son Joseph.

### MOBERLY AREA COMMUNITY COLLEGE

The Moberly Area Community College Alumni Association/Foundation was officially established in the late 1970's in order to provide a base for fundraising for the Academic Fine Arts Wing. After this successful campaign, which raised 2.5 million dollars for the three-story addition to the Main Building, the Foundation and the Alumni Association remained as one entity for several years. It grew, the two were separated, with the Foundation becoming the main fundraising arm of the College, and the Alumni Association providing the base for this activity by keeping in touch with former graduates. MACC has one of the most active two-year college alumni groups in Missouri, giving students the opportunity to stay connected with MACC for a lifetime.

Alumni records hold thousands of names and addresses of alums dating back as far as the 1930's. Each year's grads are added to these records, and addresses and information are kept as current as possible.

Since the last two years of high school, (lower level), were housed at the College until 1968, the Alumni Association also includes some high school class records and these class members are some of the College's most staunch supporters.

Each spring the Alumni Association gives four \$200 scholarships to area high school students who plan to attend MACC in the fall. These scholarships must be used in the College bookstore. They are renewable for three additional semesters if criteria are met. Dues help pay for these scholarships and for the bi-annual alumni magazine.

Each MACC Graduate is awarded an Honorary Membership in the Moberly Area Community College Alumni Association for one year. This is an association of pride that is dedicated to the continued growth of Moberly Area Community College.

## ACADEMIC REGALIA

Three academic degrees are generally recognized: the bachelor's, the master's and the doctor's. The name of each degree seems to have been determined by medieval university custom. The bachelor's degree, the baccalaureate, takes its name directly from the medieval practice of "bachelors" wearing a garland of bayberries. The master's degree was equivalent to a license to teach and sometimes was followed by the express words *Licentia Docendi*. The doctor's degree was originally a title of respect and recognition of great learning. Today the doctor's degree, when earned by study, as is true of the Doctor of Philosophy degree, indicates advanced study and independent research in a specialized field of learning; honorary degrees are granted for meritorious service and for distinction in public or private endeavor. In the medieval university, students and teachers wore gowns indicating their status and scholastic achievement.

In 1895, an intercollegiate commission drafted a uniform code for the use of academic caps, gowns and hoods in the United States. This code is followed by Moberly Area Community College and by approximately ninety-five percent of all other colleges and universities.

Those holding a bachelor's degree wear a gown of worsted material, fastened at the top, and distinguished by long, pointed sleeves hanging nearly to the knees. The master's gown, worn open, is made either of worsted or silk and has long, closed sleeves with an arc of a circle appearing near the bottom and a slit for the arm near the middle of the sleeves. The doctor's gown, sometimes worn open is made of silk, is faced with a broad strip of velvet, and has three bars of velvet on each sleeve.

A hood may be worn with the gown and is made of the same material. The bachelor's hood is three feet long, with a two-inch strip of velvet; the master's hood is three and one-half feet long and is faced with a three-inch strip of velvet; the doctor's hood is four feet long and is faced with a five-inch strip of velvet. The color of the tassel or the velvet strip of the hood indicates the field of study in which the degree was earned, as, for example, Arts, white; Fine Arts, brown; Science, golden yellow; Dentistry, lilac; Education, light blue; Economics, copper; Engineering Science, orange; Music, pink; Library Science, lemon; Social Work, citron; Business, drab; Medicine, green; Public Administration, peacock blue; Pharmacy, olive green; Journalism and Communications, crimson; Law, purple; Divinity, scarlet; Nursing, apricot; Physical Education, sage green; Philosophy, dark blue; Optometry, sea foam green; Oratory, silver gray; Home Economics, maroon; and Veterinary Science, gray. Each hood is lined in silk with the colors of the institution that granted the degree, e.g., University of Missouri, black and gold; Truman State University, purple and white; and University of Central Missouri, cardinal and black.

The appropriate cap for all degrees is the familiar "mortar board." A tassel, hanging to the left of the face, is appropriate for all degrees. Those holding a doctor's degree may wear a soft velvet cap of the color indicating their field of study or, with the mortar board, a tassel in whole or in part of the gold thread.
