10	<p>SKL101 College Orientation</p> <p>From: This first semester course provides an orientation to Moberly Area Community College and assists students in clarifying their educational and career goals. Designed to emphasize strategies that promote student retention and academic success, topics of exploration include acclimation to college, introduction to college resources, and utilization of information technology such as course management software. Other topics include preparation of a personal academic plan, time and stress management, study skills, and career development. This course may be waived as a degree requirement for graduation for students transferring with an Associate or higher degree, 45 credit hours with a 2.0 GPA completed within the last five years, or who have taken a comparable course/experience at another institution.</p> <p>To: This first semester course provides an orientation to Moberly Area Community College and assists students in clarifying their educational and career goals. Designed to emphasize strategies that promote student retention and academic success, topics of exploration include acclimation to college, introduction to college resources, and utilization of information technology such as course management software. Other topics include preparation of a personal academic plan, time and stress management, study skills, and career development. This course may be waived as a degree requirement for graduation for students transferring with an Associate or higher degree, 30 credit hours with a 2.0 GPA completed within the last five years, or who have taken a comparable course/experience at another institution.</p>	<ul style="list-style-type: none"> Revised course description 	<p>September 3, 2021, (Curriculum Committee)</p>	<p>October 1, 2021, (Curriculum Committee)</p>

	Curriculum Proposals	Changes	Proposed Date	Approval Date
11	MTH090 Precalculus Algebra Corequisite Recommended Effective Date of Implementation: FA21	Deleted course	September 3, 2021, (Curriculum Committee)	October 1, 2021, (Curriculum Committee)
12	Associate of Arts MTH190 added as a math graduation requirement Recommended Effective Date of Implementation: FA21	Revised program	September 3, 2021, (Curriculum Committee)	October 1, 2021, (Curriculum Committee)
13	MTH010 Fundamentals of Math From: Fundamentals of Math is designed to review and/or establish basic arithmetic skills with integers, fractions, decimals, ratios, and percents. Students are introduced to variables, basic linear equations, proportions, geometry formulas, slope and slope-intercept form. (FA, SP, SU) NOTE: Calculators/times tables are NOT allowed in the first part of this course. To: Fundamentals of Math is designed to review and/or establish basic skills with integers, fractions, decimals, ratios, and percents. Students are introduced to variables, basic linear equations, proportions, metric and U.S. customary unit conversions, geometry formulas, slope, and slope-intercept form. (FA, SP, SU) *Calculators will be allowed throughout the entire course. Recommended Effective Date of Implementation: SP22	Revised course description	November 5, 2021 (Curriculum Committee)	November 5, 2021 (Curriculum Committee)
14	MTH142 Quantitative Reasoning From: This course is designed to fulfill general education requirements for students pursuing non- STEM (Science, Technology, Engineering, and Mathematics) degrees and career paths. Topics include: problem solving, units of measure, probability and statistics, linear and exponential models, logic and sets. Emphasis is placed on critical thinking and improving students' ability to apply mathematics. (FA, SP, SU) To: This course is designed to fulfill general education requirements for students pursuing non-STEM (Science, Technology, Engineering, and Mathematics) degrees and career paths. Topics include: proportional reasoning, statistical reasoning, and mathematical modeling. Emphasis is placed on critical thinking and improving students' ability to apply mathematics. (FA, SP, SU) Recommended Effective Date of Implementation: SP22	Revised course description	November 5, 2021 (Curriculum Committee)	November 5, 2021 (Curriculum Committee)
15	Associate of Arts MTH145 added as a math graduation requirement. Recommended Effective Date of Implementation: SP22	Revised program	November 5, 2021 (Curriculum Committee)	November 5, 2021 (Curriculum Committee)
16	Associate of Science Biology Addition of Technical Electives: MTH140, MTH150, MTH160, MTH190, MTH201 The AS in Biology requires two math courses. Recommended Effective Date of Implementation: SP22	Revised program	November 5, 2021 (Curriculum Committee)	November 5, 2021 (Curriculum Committee)
17	Accounting Certificate MTH140 and MTH160 added as an alternative for math directed elective. Recommended Effective Date of Implementation: SP22	Revised program	November 5, 2021 (Curriculum Committee)	November 5, 2021 (Curriculum Committee)
18	Business Office Administration Certificate MTH140 and MTH160 added as an alternative for math directed elective. Recommended Effective Date of Implementation: SP22	Revised program	November 5, 2021 (Curriculum Committee)	November 5, 2021 (Curriculum Committee)

	Curriculum Proposals	Changes	Proposed Date	Approval Date
19	<p>Mechatronics Certificate</p> <p>EET111 is an alternative for EET110 (students can take EET110 or EET111) IND215 is an alternative for IND200 (students can take IND200 or IND215)</p>	<ul style="list-style-type: none"> Revised program 	<p>November 5, 2021 (Curriculum Committee)</p>	<p>November 5, 2021 (Curriculum Committee)</p>

63	MSP220 CNC Programming From: CNC Programming This course will teach the student to write G & M code CNC programs for CNC lathes and CNC mills. The course will cover the most common G & M codes for Fanuc/Haas type machines, including linear and circulator interpolation, drilling, hold making, roughing and finishing, and threading canned cycles. The student will also write and troubleshoot programs for a CNC mill and CNC lathe using a programing editing software and on a CNC control. To: CNC Programming and Operations This course will teach the student a basic knowledge of G and M coding. The course will cover Computer Aided Design (CAD) and Computer Aided Manufacturing (CAM) software. Students will learn proper machining strategy on multiple CNC machines including CNC mill and CNC lathe. In addition, students receive a general overview of CNC lathe and mill set up and part production simulation. Recommended Effective Date of Implementation: SU22	<ul style="list-style-type: none"> Revised course name Revised course description 	April 29, 2022 (Curriculum Committee)	April 29, 2022 (Curriculum Committee)
64	Advanced Manufacturing Technology AAS and Certificate We are combining the two CNC courses (MSP220 and MSP222) into 1 course (MSP220 CNC Programming and Operations.) With this change we are removing MSP222 from the program and keeping MSP220 in its new capacity which will be MSP220 CNC Programing and Operations. Recommended Effective Date of Implementation: SU22	<ul style="list-style-type: none"> Revised program 	April 29, 2022 (Curriculum Committee)	April 29, 2022 (Curriculum Committee)
