FAX: 660-269-4449
EMAIL: plantoperations@macc.edu

Moberly Area Community College is accepting sealed bids for the purchase and installation of seven windows for Andrew Komar Jr. Hall located on the Main (Moberly) Campus. For questions or to view the work area, contact the Office of Plant Operations, at extension 11230. Sealed bids are due in the Office of Plant Operations, room 136 of the Main Building, by June 20, 2022 at 11a.m. Bids must be good for a period of thirty days. Final bid approval rests with the Board of Trustees. MACC reserves the right to accept or reject any or all bids and to waive all informalities in bids.

Project# 0622-03

Location: Andrew Komar Jr. Hall, Main (Moberly) Campus

Qualifications:

- References may be required of a company not previously used by the College
- Proper liability insurance. Certificate of insurance must be provided before any work begins.

Scope of Work: Remove existing windows on each side of the building, as indicated in the diagrams and replace with windows as specified below. Attached is a drawing of the proposed design for the replacement windows. Bidders must make proposals in accordance with the following guidelines:

- Commercial storefront windows to replace existing
 - Bronze metal to match current windows on building.
 - True storefront with dividers, per diagram for large windows and no dividers in small windows.
 - No operable windows. Total of (13) approximately 8'x54" windows with two dividers and three sections of glass and (19) 2'x4' windows with no dividers.
 - Insulated grey tinted glass to match existing arched windows.
