IND 100 Industrial Safety & Manufacturing Processes: CPT 1 & 3 3-0-3

This course will have two main areas of emphasis: Safety and Manufacturing Principles. The safety emphasis includes safety organization, fire safety, materials handling, federal regulations, and current issues in industrial safety. The student will receive an OSHA 10 Card if they successfully complete the requirements. The course will also introduce the student to the manufacturing industry including industrial terminology; lean manufacturing; material processes; Six Sigma; supply chain management; and design, engineering, and quality management systems including the concepts of the Toyota Production System. Students will also participate in job shadowing experiences with local industries. Upon successful completion of this course, the student can be certified in Module 1 Safety, and Module 3 Manufacturing Processes and Production, with the nationally recognized Manufacturing Skill Standards Council Certified Production Technician (CPT) certificate. The student can receive the full CPT certification upon successful completion of IND100, IND101, and IND110.

Prerequisite/Co-requisite: 
None

Text(s): 
Online LMS furnished by Amatrol, Inc. and MSSC.

Other Required Materials: 

Equipment Provided: 
Student must have online access.
Purpose of Course:
Participants will learn the basics of industrial safety including organization, fire safety, material handling, and numerous federal regulations. It is also a continuation of manufacturing principles. Successful students will be OSHA 10 certified. Participants will learn basic concepts and principles of industrial management and practices. The course is designed for use by farmers, technicians, engineers and potential managers.

Course Objectives:
Upon completion of this course, participants should be able to demonstrate an understanding of industrial safety practices and regulations, along with a general knowledge of personal protective equipment, fire and electrical safety, and material handling safety. Additionally, students should be able to demonstrate an understanding of industrial production teams, training, and leadership. Know the principles of six sigma. Explain why Lean Manufacturing is critical to production companies. Explain the differences between how manufacturing used to operate vs how it needs to operate. Understand safety management in a TQM environment.

Course Content:
I. OSHA 10 Safety instruction and Certification: Online through Career Safe
II. Safety and Manufacturing discussions

Connection with Career and Technical Education (CTE) Outcome Statement:
In compliance with MACC’s CTE outcomes, the student who successfully completes this course will be able to:
• Students will demonstrate effective written and oral communication skills.
• Students will apply principles of professionalism and safety standards when entering the workforce.
• Students will think critically while systematically assessing problems, identifying issues and implementing solutions

ASSESSMENT OF STUDENT LEARNING

Grade Scale:
A = 90-100%
B = 80-89%
C = 70-79%
D = 60-69%
F = 59% and below

Expected Study Time Commitments:
Students should expect to spend approximately 2 to 4 hours per week studying, reading, and working on assignments for each registered credit hour. For example, 6 to 12 study hours per week may be expected for a 3-credit hour class.
Assessment:
(State the way learning outcomes will be measured. They may be measured through, but not limited to, the following: objective and essay questions, papers, quizzes, oral presentations, class participation, small group work, and/or projects.)

Description of Assignment(s)/Project(s)

INSTRUCTOR POLICIES

Tardiness:
per instructor’s policy

Make-up and late work:
per instructor’s policy

Extra-credit work:
per instructor’s policy

Schedule of Student Assignments/Activities:
(Instructors will identify a Student Assignment/Activities schedule. Instructors have the prerogative to construct the schedule by class periods, weeks, or an overview of topics to be covered.)

COLLEGE POLICIES

Attendance:
Students are expected to attend all class sessions for which they are enrolled. The College reserves the right to drop or withdraw students from courses due to lack of attendance.

Students need to be aware that dropping/being dropped from a course and their last date of attendance in the course may impact their financial aid.

MACC faculty are required to track attendance and report lack of attendance. An instructor must complete the appropriate steps to drop a student within one week following the student’s violation of the attendance policy. Additionally, a student’s attendance rate will be calculated based upon the first day the academic session begins (not the student’s date of enrollment in the course). If a student does not attend a course as defined below, the student will be dropped as “Never Attended.”

Term Length Drop Calculations

16-week: Any student who misses two (2) consecutive weeks of class will be dropped from the course by the instructor unless acceptable justification is
8-week: Any student who misses one (1) consecutive week of class will be dropped from the course by the instructor unless acceptable justification is provided by the student and the student still has the opportunity to be successful in the course.

4-week: Any student who misses two (2) consecutive days of class will be dropped from the course by the instructor unless acceptable justification is provided by the student and the student still has the opportunity to be successful in the course.

Intersession: Any student who misses one (1) day of class will be dropped from the course by the instructor unless acceptable justification is provided by the student and the student still has the opportunity to be successful in the course.

Acceptable justification may include, but is not limited to, family emergencies, illness or injury, college-approved co-curricular and extra-curricular activities, and religious holidays.

**Definition of Course Attendance**

</table>

Simply logging into the Learning Management System (Canvas) and/or accessing the course and course related material does not constitute active participation for the online component of hybrid courses or for online courses. *(Policy Handbook, G.040)*
Academic Dishonesty:
MACC board policy is as follows: “Academic dishonesty by students damages institutional credibility and unfairly jeopardizes honest students; therefore, it will not be tolerated in any form.” Forms of academic dishonesty include but are not limited to the following: violations of copyright law, plagiarism, fabrication, cheating, collusion, and other academic misconduct. Incidents of dishonesty regarding assignments, examinations, classroom/laboratory activities, and/or the submission of misleading or false information to the College will be treated seriously. The procedure for handling academic dishonesty is outlined in the Student Handbook (Policy Handbook G.020). In cases of alleged academic dishonesty, the burden of proof is on the student, not on the instructor.

Recording Class Sessions Using Zoom:
The privacy of students is a priority in live or virtual meetings. Recordings of lectures or class meetings that share student information constitute an educational record and are protected under FERPA. Instructors may share recordings within the course section where they were originally recorded and only with the students enrolled in the section. Documented consent from each student identified in the recording is required to distribute outside of the course where it was originally recorded, or student identity must be redacted.

Student Email:
MACC Mail is the official student email system at MACC. Official college communication is sent via this email system. Students are responsible for checking their MACC Mail account regularly. Students may also receive notifications and reminders from MACC through the online learning platform. However, students should remain aware that the online learning platform messaging system and MACC Mail (student email) system are two separate systems.

ADA Statement:
Students who have disabilities that qualify under the Americans with Disabilities Act may register for assistance through the Office of Access and ADA Services. Students are invited to contact the Access Office to confidentially discuss disability information, academic accommodations, appropriate documentation and procedures. For more information, please call either the Moberly office at (660) 263-4100 Ext. 11240 or the Columbia office at (573) 234-1067 Ext. 12120, or visit our web page at http://www.macc.edu/index.php/services/access-office.

Title IX Statement:
MACC maintains a strict policy prohibiting sexual misconduct in any form, including sexual harassment, sexual discrimination, and sexual violence. All MACC employees, including faculty members, are considered mandated reporters of sexual misconduct and as such are expected to contact the Title IX Coordinator when they become aware, in conversation or in writing, of an incident of sexual misconduct. For more information on this policy or to learn about support resources, please see http://www.macc.edu/sexual-misconduct-policy or contact Ms. Cheryl Lybarger, MACC's Title IX Coordinator, at 660-263-4110, ext. 11369 or CherylLybarger@macc.edu.
