Dual credit classes are a great way to receive college credit while still in high school. These courses will be taught in your high school by instructors who have been approved by MACC. These instructors have a master's degree and will be teaching the course according to college standards. Academic dual credit classes will transfer to most public and private institutions in the state. If you would like information about transferability to a specific college, please feel free to call us at the phone number mentioned below.
