

CERTIFICATE IN PRACTICAL NURSING

When students complete Practical Nursing certificate at MACC they will be able to:

1. Demonstrate readiness to function within the practical nursing role, as described in the Missouri Nurse Practice Act, as a contributing member of the healthcare team.
2. Prioritize nursing actions to meet the holistic needs of the client utilizing the nursing process.
3. Exemplify safe, legal, and ethical nursing care.
4. Develop therapeutic communication techniques with interdisciplinary health care teams, the client, and the client support systems.
5. Apply principles of teaching and learning within the practical nursing scope.

This is our program promise.
