

Missouri Returning Heroes' Education Act (Heroes' Act)

Moberly Area Community College is a participant of the Missouri Returning Heroes' Education Act (hence forth referred to as the Heroes' Act). The Heroes' Act limits the tuition and fees (not including the Technology or Student Activity/Support Service fees or lab fees assessed for special classes) charged to combat veterans to fifty dollars (\$50.00) per credit hour, for any program leading to a certificate, or an associate degree. A "combat veteran" is any person who served in armed combat after September 11, 2001, who was a Missouri resident when first entering the military, and who was discharged from military service under honorable conditions.

To initiate the process, a veteran must complete this form each semester and return it with a copy of his or her DD-214, Member-4 copy (initial application only) to: Moberly Area Community College, Attention: Financial Aid Office, 101 College Avenue, Moberly, MO 65270.

In addition, veterans are encouraged, not required, to apply for federal and state financial assistance; to apply for federal and state financial aid students must complete the following steps:

- Complete the current year FAFSA (Free Application for Federal Student Aid) o Provide additional information, if requested by the Financial Aid Office, such as (but not limited to) the verification worksheet, federal tax forms and W-2's e Register for a program of study that will lead to a Certificate, Associate of Applied Science, Associate of Science or an Associate of Arts degree e Submit an official copy of high school transcript (or GED) and all college transcripts to Student Services

The Financial Aid Office will evaluate eligibility for the Heroes' Act after this form and the DD-214 are received. Eligibility will be determined by using information obtained from the DD-214. Veterans must maintain a 2.50 cumulative grade point average in order to maintain eligibility for additional semesters. Eligibility expires ten years from the date the veteran was discharged from service.

Each semester, the amount of the Heroes' Act award will be calculated using several factors: the number of credit hours and type of course (traditional, hybrid or on-line) in which the veteran is enrolled, the amount of other federal and state grants and tuition assistance the veteran is receiving, and the educational cost of attendance defined by the requirements of the federal financial aid programs. The value of the Heroes' Act will be placed on the student's financial aid award and the student account will reflect an amount which will reduce the tuition and fee charges to \$50.00 per credit hour (additional charges will apply for the Technology, Student Activity/Support Service fees and/or lab fees for special classes).
