2026-2027 Verification Addendum
Clarification of Income

Student Name (Last, First, MI)	MACC Student ID Number

Your 2026-2027 FAFSA was selected for a process called Verification. You must complete this addendum in addition to the Verification form requested because the income reported on your FAFSA appears insufficient to support the people in your household and you did not report means tested benefits (e.g. food stamps, TANAF, etc..). If you (&/or your spouse, if married; or parents, if dependent) reported income less than $10,000 (combined) for the 2024 calendar year, you must report how you (and your parents, if applicable) were supported in 2024. In order to document how the household was maintained, complete this form and return with your Verification form.
