Dr. Todd C Martin
PRESIDENT

“On behalf of the Board of Trustees at Moberly Area Community College, I welcome you to the 98th Commencement ceremony of this college. We are proud of our history as one of Missouri’s oldest community colleges and proud of the students, faculty, staff, alumni and community members who help make this institution strong. As the students today complete their goals of a degree or certificate and walk across the stage as graduates, we know that you join us in applauding their hard work and dedication. Your show of support through your presence is a signal to them that their efforts are recognized and valued. Thank you for participating today and welcome to the 98th Commencement of Moberly Area Community College.”

Mary M Grupe

Director of Student Support for Columbia Public Schools

Mary M Grupe brings more than two decades of leadership in student support systems across Columbia Public Schools, with experience spanning comprehensive schools and alternative education settings.

Her professional roles have included special education instructional aide, classroom teacher, case manager, learning specialist, district classroom teacher and team lead, alternative education center site administrator, assistant principal, and principal. Throughout her career, she has led efforts to strengthen systems that enhance student connection, improve behavioral supports, and reduce barriers to learning.

classroom teacher, case manager, learning specialist, district classroom teacher and team lead, alternative education center site administrator, assistant

In her most recent role as principal, Ms. Grupe supported measurable improvements in graduation and attendance rates, expanded advanced placement and advanced course participation for historically underserved students, and contributed to sustained reductions in suspensions. She is recognized for her collaborative problem-solving approach and for developing sustainable, high-impact systems grounded in restorative practices, trauma-informed de-escalation, and data-informed continuous improvement.

Ms. Grupe also offers district-level experience as an equity trainer and restorative practices trainer, supporting school-based teams in implementing effective, consistent practices that promote student belonging and engagement.

The Moberly Area Community College Alumni Association & Foundation was officially established in the late 1970s to provide a base for fundraising for the Academic Fine Arts Wing. After this successful campaign, which raised \$2.5 million for the three-story addition to the Main Building, the Foundation and the Alumni Association remained as one entity for several years. As it grew, the two were separated; the Foundation became the main fundraising arm of the College, and the Alumni Association provided the base for this activity by keeping in touch with former graduates. MACC has one of the most active two-year college alumni groups in Missouri, giving students the opportunity to stay connected with MACC for a lifetime.

Alumni records hold thousands of names and addresses of alums dating back as far as the 1930s. Each year's graduates are added to these records, and addresses and information are kept as current as possible.

Since the last two years of high school (called the "lower level" of MJC) were housed at the College until 1968, the Alumni Association also includes some high school class records, and these class members are some of the College's most staunch supporters.

Each spring the Alumni Association awards scholarships to area high school students who plan to attend MACC in the fall. These scholarships are renewable for three additional semesters if criteria are met. Dues help pay for these scholarships and for the bi-annual alumni magazine.

Each MACC graduate is awarded an Honorary Membership in the Moberly Area Community College Alumni Association for one year. Dues for annual membership after the first year are \$25 for singles and \$35 for couples. This is an association of pride that is dedicated to the continued growth of Moberly Area Community College.

Graduate Regalia

ACADEMIC REGALIA

Three academic degrees are generally recognized: the bachelor's, the master's and the doctorate. The name of each degree seems to have been determined by medieval university custom. The bachelor's degree - the baccalaureate - takes its name directly from the medieval practice of "bachelors" wearing a garland of bayberries. The master's degree was equivalent to a license to teach and sometimes was followed by the express words *Licentia Docendi*. The doctor's degree was originally a title of respect and recognition of great learning. Today the doctor's degree, when earned by study, as is true of the Doctor of Philosophy degree, indicates advanced study and independent research in a specialized field of learning; honorary degrees are granted for meritorious service and for distinction in public or private endeavor. In the medieval university, students and teachers wore gowns indicating their status and scholastic achievement.

In 1895, an intercollegiate commission drafted a uniform code for the use of academic caps, gowns and hoods in the United States. This code is followed by Moberly Area Community College and by approximately ninety-five percent of all other colleges and universities.

Those holding a bachelor's degree wear a gown of worsted material, fastened at the top, and distinguished by long, pointed sleeves hanging nearly to the knees. The master's gown, worn open, is made either of worsted or silk and has long, closed sleeves with an arc of a circle appearing near the bottom and a slit for the arm near the middle of the sleeves. The doctor's gown, sometimes worn open is made of silk, is faced with a broad strip of velvet, and has three bars of velvet on each sleeve.

A hood may be worn with the gown and is made of the same material. The bachelor's hood is three feet long, with a two-inch strip of velvet; the master's hood is three and one-half feet long and is faced with a three-inch strip of velvet; the doctor's hood is four feet long and is faced with a five-inch strip of velvet. The color of the tassel or the velvet strip of the hood indicates the field of study in which the degree was earned, as, for example, Arts, white; Fine Arts, brown; Science, golden yellow; Dentistry, lilac; Education, light blue; Economics, copper; Engineering Science, orange; Music, pink; Library Science, lemon; Social Work, citron; Business, drab; Medicine, green; Public Administration, peacock blue; Pharmacy, olive green; Journalism and Communications, crimson; Law, purple; Divinity, scarlet; Nursing, apricot; Physical Education, sage green; Philosophy, dark blue; Optometry, sea foam green; Oratory, silver gray; Home Economics, maroon; and Veterinary Science, gray. Each hood is lined in silk with the colors of the institution that granted the degree, e.g., University of Missouri, black and gold; Truman State University, purple and white; and University of Central Missouri, cardinal and black.

The appropriate cap for all degrees is the familiar "mortar board." A tassel, hanging to the left of the face, is appropriate for all degrees. Those holding a doctor's degree may wear a soft velvet cap of the color indicating their field of study or, with the mortar board, a tassel in whole or in part of the gold thread.
