Statement to Connect Course with General Education Outcomes: In compliance with MACC’s General Education outcomes, the student who successfully completes this course will be able to:

- **Higher Order Thinking:** Students will demonstrate the ability to distinguish among opinions, facts, and inferences; to identify underlying or implicit assumptions; to make informed judgments; to solve problems by applying evaluative standards; and to reflect upon and refine those problem-solving skills. This outcome involves creative thinking, critical thinking, and quantitative literacy.
- **Communication:** Students will demonstrate the ability to communicate effectively through oral, written, or digital channels using the English language or quantitative or other symbolic systems. Students should be able to write and speak with thoughtfulness, clarity, coherence,
and persuasiveness; read and listen critically; and select channels appropriate to the audience
and message.

- **Managing Information:** Students will demonstrate the ability to discern when there is a need
  for information; and to identify, locate, evaluate, and effectively and responsibly use and
  share that information for the problem at hand.

- **Valuing:** Students will demonstrate the ability to understand the moral and ethical values of a
  diverse society; and to appreciate the values of diversity, equity, and sustainability.

**College / Instructor Policies:**

**Academic Dishonesty:** MACC board policy is as follows: “Academic dishonesty by students damages
institutional credibility and unfairly jeopardizes honest students; therefore, it will not be tolerated in
any form.” Forms of academic dishonesty include but are not limited to the following: violations of
copyright law, plagiarism, fabrication, cheating, collusion, and other academic misconduct. Incidents
of dishonesty regarding assignments, examinations, classroom/laboratory activities, and/or the
submission of misleading or false information to the College will be treated seriously. The procedure
for handling academic dishonesty is outlined in the Student Handbook (*Policy Handbook, M.010*). In
cases of alleged academic dishonesty, the burden of proof is on the student, not on the instructor.

**Attendance Policy:** Students are expected to attend all class sessions for which they are enrolled.
The College reserves the right to drop or withdraw students from courses due to lack of attendance.

Students need to be aware that dropping/bein dropped from a course and their last date of
attendance in the course may impact their financial aid.

MACC faculty are required to track attendance and report lack of attendance. An instructor must
complete the appropriate steps to drop a student within one week following the student’s violation
of the attendance policy. Additionally, a student’s attendance rate will be calculated based upon the
first day the academic session begins (not the student’s date of enrollment in the course). If a
student does not attend a course as defined below, the student will be dropped as “Never
Attended.”

**Term Length Drop Calculations**

from the course by the instructor unless acceptable justification is provided by
the student and the student still has the opportunity to be successful in the

from the course by the instructor unless acceptable justification is provided by
the student and the student still has the opportunity to be successful in the
