INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees
of Moberly Area Community College

We have audited the accompanying basic financial statements of Moberly Area Community College (the "College") as of and for the years ended June 30, 2007 and 2006, as listed in the table of contents. These basic financial statements are the responsibility of the College's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the financial position of Moberly Area Community College, as of June 30, 2007 and 2006, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

To the extent this communication contains statements by a tax professional who is subject to the rules of professional conduct set forth in Circular 230, as promulgated by the United States Department of the Treasury, such professional hereby asserts that any U. S. federal tax advice was not intended or written to be used by any taxpayer for the purpose of avoiding penalties that may be imposed on the taxpayer by the Internal Revenue Service, and it cannot be used by any taxpayer for such purpose.

Member of the American Institute of Certified Public Accountants and the Missouri Society of Certified Public Accountants.

In accordance with *Government Auditing Standards*, we have also issued our report dated November 28, 2007 on our consideration of the College's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The Management's Discussion and Analysis (MD&A) on pages 3 through 9 is not a required part of the basic financial statements but is supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was made primarily for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplementary information, including the Schedule of Expenditures of Federal Awards, although not considered necessary for a fair presentation of the College's financial statements, are presented as additional information and have been subjected to the auditing procedures applied in the audit of the financial statements. The Schedule of Expenditures of Federal Awards is presented for the purpose of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. In our opinion, the schedules are fairly stated in all material respects in relation to the financial statements taken as a whole.

MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2007
(UNAUDITED)**

Introduction

Management's discussion and analysis is an overview of the financial position and financial activities of Moberly Area Community College. The College's management prepared this discussion. It should be read in conjunction with the financial statements and notes that follow.

The College prepared the financial statements in accordance with Government Accounting Standards Board (GASB) principles. During 2003, the College implemented GASB Statement No. 35, *Basic Financial Statements – and Management's Discussion and Analysis – for Public Colleges and Universities*. GASB Statement No. 35 establishes standards for external financial reporting for public colleges and universities and requires that financial statements be presented on a consolidated basis to focus on the College as a whole. Previously, financial statements focused on the accountability of individual fund groups rather than on the College as a whole.

There are three financial statements presented: the Statement of Net Assets, the Statement of Revenues, Expenses, and Changes in Net Assets, and the Statement of Cash Flows. The emphasis of the discussion about the financial statements is on the current year data. However, information for fiscal years ending June 30, 2007 and 2006 is also available in the GASB Statement No. 35 format. Consequently, a comparative format of College wide information is used.

Financial Highlights

The College's financial position at June 30, 2007 shows assets at \$27.5 million, liabilities at \$5.9 million, and net assets at \$21.6 million. Net assets represent the balance in the College's assets after liabilities are deducted.

Net assets increased by \$894 thousand during FY2007. The most significant changes in the net assets during FY2007 occurred in the *invested in capital assets, net of related debt* portion of net assets.

The net increase in capital assets over related debt was \$868,161 and can be attributed to building improvements through the performance contract with Johnson Controls, Inc. The remaining components of net assets increased by a total of \$25,839.

Statement of Net Assets

The Statement of Net Assets presents the assets, liabilities, and net assets of the College at the end of the fiscal years, June 30, 2007 and 2006. The purpose of the Statement of Net Assets is to present a snapshot of the financial condition of the College. Total net assets, which is the difference between total assets and total liabilities, is one of the indicators of the current financial condition of the College.

The assets and liabilities are categorized between current and noncurrent. The difference is that current assets and liabilities mature or become payable within the normal 12 month accounting/operating cycle versus noncurrent which mature or become payable after 12 months. For example, at June 30, 2007 and 2006, the College's current assets consist primarily of cash, short-term investments, and trade receivables while noncurrent assets consists primarily of capital assets. Capital assets are the property, plant, and equipment owned by the College, net of any related accumulated depreciation.

Net assets are presented in three major categories. The first is invested in capital assets net of related debt, which represents the College's equity in its property, plant and equipment. The second category is restricted, while the third is unrestricted.

Restricted net assets are funds that are limited in terms of the purpose and time for which the funds can be spent. Restricted net assets are further categorized between expendable and non-expendable. Restricted expendable net assets are available to be spent by the College after externally imposed stipulations have been fulfilled or after the passage of time. Restricted non-expendable net assets are endowments for which only the earnings can be spent.

Unrestricted net assets are available to the College for any lawful purpose. The following chart of the College's net assets at June 30, 2007 and 2006 shows the unrestricted portion at \$ 6.8 and \$6.9 million, respectively.

Statement of Revenues, Expenses, and Changes in Net Assets

The Statement of Revenues, Expenses, and Changes in Net Assets presents the College's financial results for the fiscal year. The statement includes the College's revenues and expenses, both operating and nonoperating.

Operating revenues and expenses are those for which the College directly exchanges goods and services. Nonoperating revenues and expenses are those that exclude specific, direct exchanges of goods and services. Local property tax revenue and state aid are two examples of nonoperating revenues where the local taxpayers and state legislature, respectively, do not directly receive goods and services for the revenue.

The following is a summarized version of the College's revenues, expenses, and changes in net assets for the years ended June 30, 2007 and 2006.

Outstanding Debt at Year End

As of June 30, 2007 and 2006, Moberly Area Community College Facility Development Authority, Inc., a component unit, had notes payable of \$2,196,302 and \$2,376,537, respectively. Additionally, the College had capital leases payable of \$2,365,655 and \$1,651,159. This amount represents capital lease obligations that are expected to be paid so long as the College appropriates funds for payment.

During the fiscal years ending June 30, 2007 and 2006, the College's total debt decreased by \$367,514 and \$354,870, respectively, due to scheduled payments. During the fiscal year ended June 30, 2007, the College entered into an equipment lease/purchase agreement with Citimortgage, Inc. for lighting upgrades, hvac enhancements, and monitoring software as part of a performance contract. Total debt for the fiscal year ended June 30, 2007 increased \$534,261, while debt was decreased \$354,870 during the fiscal year ended June 30, 2006. This represents an increase of 14.5% and a decrease of 8.7% for the years ended June 30, 2007 and 2006, respectively.

Economic Outlook

Appropriations from the State of Missouri stabilized during FY 2007 and FY 2006. Appropriations for FY 2008 increased approximately 4.7%.

Effective with the summer semester of 2007, the College increased its student fees and tuition. The increase in fees and tuition is projected to increase revenues by \$240 thousand for FY 2008.

Management will continue to maintain a close watch over its resources and expenses to ensure its ability to plan and react to future internal and external issues.

MOBERLY AREA COMMUNITY COLLEGE
NOTES TO FINANCIAL STATEMENT
JUNE 30, 2007 AND 2006

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES

Moberly Area Community College, Moberly, Missouri (the College) is a public institution of higher education providing services to residents of the City of Moberly (the District) and the northeast sixteen counties in Missouri (the Service Area). The College is a community college organized by the voters of the district and governed by a six-member Board of Trustees elected throughout the District. The College maintains one primary campus location and five education centers (Columbia, Edina, Hannibal, Kirksville, and Mexico). The significant accounting policies followed by the College are described below:

FINANCIAL REPORTING ENTITY

Moberly Area Community College's financial reporting entity consists of the College and its component units, the Moberly Area Community College Facility Development Authority, Inc. (the Building Corporation) and the Moberly Area Community College Foundation (the Foundation), for which the College is financially accountable. The Building Corporation is governed by a 6-member board. While it is legally separate from the College, its sole purpose is to finance and construct facilities for the use of the College. The Foundation is a legally separate entity, however, its purpose is to support and foster the operations, programs and welfare of the College by furnishing financial, advisory and other support. The College Board of Trustees appoints one of its members to serve on the Foundation's Board of Directors along with 22 other independently elected directors. The Building Corporation and Foundation activities solely support the mission of the College. As such, the balances and transactions of these component units are blended into the accompanying financial statements and reported in a manner similar to the balances and transactions of the College itself.

FINANCIAL REPORTING

The College accounts for and presents financial information in accordance with Governmental Accounting Standards Board (GASB) pronouncements, including GASB No. 35, *Basic Financial Statements – and Management's Discussion and Analysis – for Public Colleges and Universities*, using the economic resources measurement focus and the accrual basis of accounting.

The College's net assets are reported in three parts – invested in capital assets, net of related debt; restricted assets; and unrestricted assets. The College first utilizes restricted resources to finance qualifying activities.

FUND ACCOUNTING

To ensure observance of limitations and restrictions placed on the use of resources available to the College, the accounts of the College are maintained in accordance with the principles of fund accounting. This is the procedure by which resources for various purposes are classified for accounting and reporting purposes into funds that are in accordance with specified activities or objectives. Separate accounts are maintained for each fund; however, in the accompanying financial statements, all funds have been combined with interfund transactions being eliminated. The following fund groups are utilized internally by the College:

- Current Funds include resources of the College currently expendable for any purpose in meeting the primary objectives of the College. They consist of the Current Unrestricted Funds which account for all unrestricted revenues and expenditures, and Current Restricted Funds which are used to record revenues and expenditures specifically restricted by outside parties for designated purposes.
- Loan Funds account for transactions relating to loans to students using funds set aside by the College and various private grantors.
- Agency Funds account for transactions relating to deposits held by the College as a custodian or fiscal agent for student organizations and others. Consequently, the transactions of these funds do not affect the statement of revenues, expenses and changes in net assets.
- Endowment Funds account for contributions received for which the principal is required to be invested and remain intact in perpetuity in accordance with donor restrictions and only the income earned thereon may be expended.
- Plant Funds account for the College's investment in fixed assets and related debt, as well as monies set aside for the acquisition of additional fixed assets.

USE OF ESTIMATES IN PREPARING FINANCIAL STATEMENTS

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

JUNE 30, 2007 AND 2006**

CASH AND CASH EQUIVALENTS

The College considers all certificates of deposit and investments with an original maturity of 90 days or less at date of acquisition to be cash equivalents.

INVESTMENTS

Investments are stated at fair value. Fair value is established as readily determinable current market value for equity and debt securities.

ALLOWANCE FOR DOUBTFUL ACCOUNTS

The College uses the reserve method of recognizing bad debt losses. The allowance for doubtful accounts has been recorded by the College and offsets the balance of accounts receivable in the College's financial statements. The allowance is based upon management's best estimates of losses.

TAX REVENUES

Local tax revenues represent payments earned during the years ended June 30, 2007 and 2006 from the Moberly taxing district on taxes levied for calendar years 2005 and prior.

INVESTMENT IN PLANT

Land, buildings, building improvements, furniture, fixtures, and equipment are recorded at cost less accumulated depreciation for assets purchased and at fair market value as of the date of donation for assets acquired by gift. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Property, plant and equipment of the College are depreciated using the straight-line method over the following useful lives

<u>Assets</u>	<u>Years</u>
Buildings	50
Building Improvements	20-30
Equipment	5-15

ACCUMULATED UNPAID VACATION

College employees earn vacation during the year under various accrual rates, depending on the employee's classification and years of service. Accrued vacation is payable to employees upon termination. Accumulated unpaid vacation is accrued as earned.

INVENTORY

Bookstore and cafeteria inventories are recorded at the lower of cost or market.

UNEARNED REVENUE

Unearned revenue primarily consists of funds received by the College, designated for specific purposes or departments, and not spent as of June 30, 2007 and 2006.

OPERATING REVENUE

All revenues received in exchange transactions are considered to be operating revenues. Included in nonoperating revenues are local property tax revenues, state aid and grants, investment income and nonexchange gifts and grants.

SCHOLARSHIP ALLOWANCES AND STUDENT AID

Certain aid such as loans and funds provided to students as awarded by third parties is accounted for as a third party payment (credited to the student's account as if the student made the payment). All other aid is reflected in the financial statements as operating expenses or scholarship allowances, which reduce revenues. The amount reported as operating expense represents the portion of aid that was provided to the student in the form of cash. Scholarship allowances represent the portion of aid provided to the student in the form of reduced tuition.

INCOME TAX STATUS

The College is exempt from federal and state income taxes as a local governmental unit. The Moberly Area Community College Facility Development Authority, Inc. and Moberly Area Community College Foundation, Inc. have qualified for exemption from income tax under Section 501(c)(3) of the Internal Revenue Code.

NOTE 2 – CASH, CASH EQUIVALENTS AND INVESTMENTS

At June 30, 2007 and 2006, the carrying amounts of cash and cash equivalents on the statement of net assets and statement of fiduciary net assets totals \$5,032,681 and \$3,599,357 respectively, and consists of cash deposits, cash on hand, and money market accounts. The bank balances of the College's cash deposits totaled \$5,466,781 and \$4,116,189 for the years ended June 30, 2007 and 2006, respectively. Of the College's bank balances at June 30, 2007, \$449,237 was insured by the Federal Depository Insurance Corporation (FDIC) and \$5,017,544 was collateralized with securities held by the pledging financial institution's agent in the College's name. As of June 30, 2006, \$554,484 was insured by the FDIC and \$3,561,705 was collateralized with securities held by the pledging financial institution's agent in the College's name. The bank balances of the Foundation's cash deposits as of June 30, 2007 and 2006, totaled \$96,361 and \$77,042, respectively, which were insured by the FDIC. The bank balances of the Facility Development Corporation's cash deposits as of June 30, 2007 and 2006, totaled \$81,495 and \$31,495, respectively, which were insured by the FDIC.

The College's investment policies conform to the Missouri Revised Statute 30.950 which authorizes the College to invest in secured time deposits or secured certificates of deposit, bonds of the State of Missouri, bonds of the United States or any other wholly owned corporation of the United States, other short-term obligations of the United States, commercial paper and bankers acceptances. The College is also authorized to enter into government repurchase agreements.

Deposits – Custodial credit risk is the risk that, in the event of bank failure, the College's deposits may not be returned to it. The College's deposit policy requires that amounts in excess of any insurance limit be collateralized by the financial institution with appropriate pledged securities to protect funds which are held at the institution above the federal insurable level.

To provide an indication of the level of risk assumed by the College at June 30, 2007, the College's deposits are categorized below. Differences between the carrying amount and deposit amount are due to timing of transactions.

Investments

Interest Rate Risk. The College structures its investments to mature according to anticipated cash flow needs, avoiding the need to retire investments prior to maturity. The College primarily investments in short-term certificates of deposit, marketable treasury securities, and mortgage-backed securities.

Credit Risk. The College funds are invested in instruments authorized by statute and are restricted to the following:

- Marketable Treasury securities (Treasury Bills)
- Mortgage-Backed Securities:
 - Debt securities of the Federal Farm Credit System
 - Debt securities of the Federal Home Loan Banks (FHLB) excluding zeros
 - Debt securities of the Government National Mortgage Association (GNMA)
 - Debt securities of the Federal National Mortgage Association (FNMA)
 - Debt securities of the Federal Home Loan Mortgage Corporation (FHLMC) (excluding FHLMC Mortgage Cash Flow Obligations)
- Certificates of Deposit backed by acceptable collateral according to Missouri state statute

Concentration of Credit Risk. The College's investments are diversified by maturity date and several financial institutions are utilized as depositories of College funds.

Foreign Currency Risk. Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment. The College does not have any investments with foreign currency risk exposure.

NOTE 4 – PENSION PLANS

The College participates in two retirement plans covering substantially all full-time employees and eligible part-time employees.

A. Public School Retirement System of Missouri

The College contributes to the Public School Retirement System (the System), a cost-sharing multiple-employer public employee retirement system.

Plan Description

The System provides defined retirement and disability benefits to full-time and certain part-time certificated employees and death benefits to members and beneficiaries. Positions covered by the System are not covered by Social Security. The System benefit provisions are set forth in Chapter 169.010 – 169.141 of the Missouri Revised Statutes. The Statutes assign responsibility for the administration of the System of a seven member Board of Trustees.

Membership in the System is mandatory for all full-time certificated employees of the College. Certificated part-time employees may also elect to become members of the System within 90 days after becoming an employee of the College. Such employees receive pro rata credit in the System. The System provides a monthly defined retirement benefit with full benefits at age 60 with at least five years of service; or at age 55 with at least 25 years of service; or with 30 years of service at any age. The System provides actuarially reduced benefits for early retirement at age 55 with at least five years of service or at any age with at least 25 years of service. The System also provides disability and death benefits, as well as a right of withdrawal of contributions upon termination of covered employment. Vesting is established at five years of service. The benefit provisions are established by Missouri State Statutes.

The System issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained from the Public School Retirement System of Missouri, P. O. Box 268, Jefferson City, Missouri 65102.

Funding Policy

The System members are required to contribute 12.0% of their annual covered salary and the College is required to contribute a matching amount. The contribution requirements of plan members and the College are established and may be amended by the System Board of Trustees. The College's contributions to the System for the years ended June 30, 2007, 2006, 2005, and

2004 were \$1,353,572, \$1,231,806 \$1,121,245, and \$1,023,569, respectively, equal to the required contributions for each year.

B. Non-Certificated Employees Retirement Plan

The College contributes to the Non-Teacher School Employee Retirement System (the System), a cost-sharing multiple-employer public employee retirement system.

Plan Description

The System provides defined retirement and disability benefits to full-time and certain part-time non-certificated employees and death benefits to members and beneficiaries. Positions covered by the System are also covered by Social Security. The System benefit provisions are set forth in Chapter 169.600 – 169.715 of the Missouri Revised Statutes. The Statutes assign responsibility for the administration of the System to a seven member Board of Trustees.

Membership in the System is mandatory for all full-time non-certificated employees of the College. Certificated part-time employees may also elect to become members of the System within 90 days after becoming an employee of the College. Such employees receive pro rata credit in the System. The System provides a monthly defined retirement benefit with full benefits at age 60 with at least five years of service; or at age 55 with at least 25 years of service; or with 30 years of service at any age. The System provides actuarially reduced benefits for early retirement at age 55 with at least five years of service or at any age with at least 25 years of service. The System also provides disability and death benefits, as well as a right of withdrawal of contributions upon termination of covered employment. Vesting is established at five years of service. The benefit provisions are established by Missouri State Statutes.

The System issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained from the Public School Retirement System of Missouri, P. O. Box 268, Jefferson City, Missouri 65102.

Funding Policy

The System members are required to contribute 5.75% of their annual covered salary and the College is required to contribute a matching amount. The contribution requirements of plan members and the College are established and may be amended by the System Board of Trustees. The College's contributions to the System for the years ended June 30, 2007, 2006, 2005 and 2004 were \$226,291, \$211,832, \$179,548, and \$160,034 respectively, equal to the required contributions for each year.

NOTE 5 – PROPERTY TAXES

Property taxes are billed in the fall of the year and are due and payable by December 31 of the same year. Property taxes are collected by the Randolph County collector who remits them to the College.

**MOBERLY AREA COMMUNITY COLLEGE

NOTE 5 – PROPERTY TAXES (Continued)

The total assessed valuation of the tangible taxable property located in the junior college district as of January 1, 2006 and 2005, upon which 2006 and 2005 tax rates of \$.3322 and \$.3322, respectively, per \$100 of the assessed valuation was levied for purposes of local taxation, was \$153,716,087 and \$149,512,628, respectively.

The receipt of current and delinquent property taxes during the fiscal years ended June 30, 2007 and 2006, aggregated approximately 98% and 98%, respectively, of the current assessment computed on the basis of the levy as shown above.

NOTE 6 – OPERATING LEASES

The College leases property for the purposes of conducting various courses of study at various locations.

Future annual minimum lease commitments under the terms of the above-noted leases are as follows:

FY 2008	350,875	FY 2012	96,275
FY 2009	341,112	FY 2013	96,275
FY 2010	184,275	FY 2014	96,275
FY 2011	96,275	FY 2015-19	449,282

During 2007 and 2006, the College recorded lease expense in the amount of \$282,131 and \$235,053, respectively.

NOTE 7 – NET ASSETS

Net assets are presented in three categories, invested in capital assets, restricted and unrestricted. The restricted category of the fund balance is created to either (a) satisfy legal covenants which require a portion of the fund balance to be segregated or (b) identify the portion of the fund balance that is not available for future appropriation. Specific classifications of the net assets are summarized below:

- Invested in Capital Assets – This classification accounts for the value of the College’s capital assets net of accumulated depreciation and net of the related debt.
- Restricted for Nonexpendable Endowment – This classification accounts for funds received by the College with restricted purposes, with the principal amounts to be held in perpetuity.
- Unrestricted – This classification accounts for the unreserved category after the designated accounts have been taken into consideration.

NOTE 10 – CAPITAL LEASE

The College leases a building under a long-term lease agreement which is considered a capital lease under generally accepted accounting principles. The initial lease term was from December 6, 2000 to June 30, 2001. The lease may be renewed solely at the option of the College at the end of the original lease term for additional one year terms.

The College entered into an equipment lease/purchase agreement with Citimortgage, Inc. on October 31, 2006, for lighting upgrades, hvac enhancements, and monitoring software as part of a performance contract. This lease/purchase agreement is considered a capital lease under generally accepted accounting principles. The lease term is from October 31, 2006 to February 28, 2019.

NOTE 11 – DESIGNATED FUND BALANCES

The College has designated certain fund balances for future expenditures for buildings and equipment. Endowment funds are designated for scholarships.

NOTE 12 – RISK MANAGEMENT

The College is exposed to various risks of loss related to torts: theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the College carries commercial insurance.

NOTE 13 – GROUP HEALTH INSURANCE PROGRAM

Moberly Area Community College implemented a self-funded group health insurance program, effective January 1, 2001. This plan provides up to \$2,000,000 lifetime coverage per insured person for group medical coverage. The College's liability for coverage is also limited by reinsurance for claims in excess of \$50,000.

The program is accounted for in the internal service fund. The following schedule presents summarized information for the Foundation that is included in the accompanying financial statements as of June 30, 2007 and 2006 and for the years then ended:

NOTE 14– INDUSTRIAL RETAINED JOBS TRAINING CERTIFICATES

The College has issued Industrial Retained Jobs Training Certificates as allowed by state legislation to provide tax-aided training for employees of industries which are retained in the state of Missouri. The certificates are to be repaid by payroll tax withholdings from the new jobs that are created. If such funds are not sufficient to repay the debt, then other withholding taxes paid by the employer shall be applied to the debt. A trust fund is maintained for the deposit of tax withholdings received from the state and to disburse amounts received for program costs and debt service.

The certificates do not constitute indebtedness of the College and, accordingly, are not included in the accompanying balance sheet. As of June 30, 2007, the Industrial New Jobs Training Certificates outstanding were \$400,000 and were comprised of the following:

<u>Company</u>	<u>Total Certificates Sold</u>	<u>Outstanding Balance June 30, 2007</u>
Hubbell Power Systems	\$ 400,000	\$ 400,000

NOTE 15– CONTINGENT LIABILITIES

The College receives federal grants and state funding for specific purposes that are subject to review and audit. These reviews and audits could lead to request for reimbursement or to withholding of future funding for expenditures disallowed under or other noncompliance with the terms of the grants and state funding. The federal granting agency will determine whether or not any expenditures will be disallowed. The College is not aware of any noncompliance with federal or state provisions that might require the College to provide reimbursement.

**MOBERLY AREA COMMUNITY COLLEGE
NOTES TO THE SCHEDULE OF EXPENDITURES
OF FEDERAL AWARDS
FOR THE YEAR ENDED JUNE 30, 2007**

1. Summary of Significant Accounting Policies

A. Purpose of Schedule of Reporting Entity

The accompanying Schedule of Expenditures of Federal Awards has been prepared to comply with the requirements of OMB Circular A-133. This circular requires a schedule that provides total federal awards expended for each federal program and the Catalog of Federal Domestic Assistance (CFDA) number or other identifying number when the CFDA information is not available.

The schedule includes all federal awards administered by Moberly Area Community College.

B. Basis of Presentation

OMB Circular A-133 includes these definitions, which govern the contents of the schedule:

Federal financial assistance means assistance that non-Federal entities receive or administer in the form of grants, loans, loan guarantees, property (including donated surplus property), cooperative agreements, interest subsidies, insurance, food, commodities, direct appropriations, and other assistance, but does not include amounts received as reimbursement for services rendered to individuals.

Federal award means Federal financial assistance and Federal cost-reimbursement contracts that non-Federal entities receive directly from Federal awarding agencies or indirectly from pass-through entities. It does not include procurement contracts, under-grants or contracts, used to buy goods or services from vendors.

Accordingly, the schedule includes expenditures of both cash and noncash awards.

C. Basis of Accounting

The schedule is presented on the accrual basis of accounting.

2. Subrecipients

The College provided no federal awards to subrecipients during the year ended June 30, 2007.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

To the Board of Trustees
Moberly Area Community College

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Moberly Area Community College (the 'College'), as of and for the year ended June 30, 2007, which collectively comprise the College's basic financial statements and have issued our report thereon dated November 28, 2007. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the College's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the College's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. However, as discussed below, we identified certain deficiencies in internal control over financial reporting that we consider to be significant deficiencies.

To the extent this communication contains statements by a tax professional who is subject to the rules of professional conduct set forth in Circular 230, as promulgated by the United States Department of the Treasury, such professional hereby asserts that any U. S. federal tax advice was not intended or written to be used by any taxpayer for the purpose of avoiding penalties that may be imposed on the taxpayer by the Internal Revenue Service, and it cannot be used by any taxpayer for such purpose.

Member of the American Institute of Certified Public Accountants and the Missouri Society of Certified Public Accountants.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control. We consider the deficiency described in the accompanying schedule of findings and responses (2007-1) to be a significant deficiency in internal control over financial reporting.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies and, accordingly, would not necessarily disclose all significant deficiencies that are also considered to be material weaknesses. However, we believe that the significant deficiency described above is not a material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the College's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of the College in a separate letter dated November 28, 2007.

The College's response to the findings identified in our audit is described in the accompanying schedule of findings and responses. We did not audit the College's response and, accordingly, we express no opinion on it.

This report is intended solely for the information of the Board of Trustees, management and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

2007-1 Documentation of Internal Controls

Current auditing standards consider inadequate documentation of the components of internal control to be at least a significant deficiency, and possibly a material weakness. Documentation of internal controls should be in writing and periodically reviewed to ensure they are being followed.

Auditee Response: The College will implement a written policy for internal controls during fiscal year 2008 to include written documentation of controls and an annual review.

**REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH
MAJOR PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE
IN ACCORDANCE WITH OMB CIRCULAR A-133**

To the Board of Trustees
Moberly Area Community College

Compliance

We have audited the compliance of Moberly Area Community College with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended June 30, 2007. The College's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the College's management. Our responsibility is to express an opinion on the College's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the College's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the College's compliance with those requirements.

In our opinion, Moberly Area Community College complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2007.

To the extent this communication contains statements by a tax professional who is subject to the rules of professional conduct set forth in Circular 230, as promulgated by the United States Department of the Treasury, such professional hereby asserts that any U. S. federal tax advice was not intended or written to be used by any taxpayer for the purpose of avoiding penalties that may be imposed on the taxpayer by the Internal Revenue Service, and it cannot be used by any taxpayer for such purpose.

Member of the American Institute of Certified Public Accountants and the Missouri Society of Certified Public Accountants.

Internal Control Over Compliance

The management of Moberly Area Community College is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audits, we considered the College's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

This report is intended solely for the information of the Board of Trustees, management and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.
