

# The New “Normal” for Learning

**COVID19** brought all faculty, staff and students to a new “normal.” This past spring, our campus locations were left very quiet. Classes that were normally taught in a classroom/lab environment, quickly shifted to a virtual environment. MACC has provided an online and virtual option to students for at least the past ten years. However, there is just some coursework that seems better suited to being in person, such as simulation labs and hands-on practice. Health Sciences students that attended clinicals as a part of their educational training suddenly did not have sites that would accept them in person; CTE students that had lab equipment such as machine tool, welding, robotics, etc. no longer had access due to the college closing; and some students simply had poor or no internet access at home. All of these sudden changes really affected the spring 2020 semester for many. MOCares Act offered monetary assistance for areas such as electronic equipment, internet, and food/utilities/housing, but it was limited. Now, as we are finishing up the summer semester and moving into the 2<sup>nd</sup> Intersession and fall 2020 classes, what will be the new “normal” at MACC for learning?

## Plan for Fall Instruction (from Dr. Todd Martin, Vice President of MACC)

As we continue to monitor conditions in all of our communities, analyze pandemic data, and seek guidance from public health officials it has become clear that we need to take additional steps to mitigate risk for MACC students, staff, and faculty. Taking all of that into account, we have decided that the most prudent course of action is to shift to primarily virtual and online instruction for the Fall. Unlike the Spring semester, campuses will remain open and services will continue to be provided. These will include:

- The LARC will be open and tutoring will be available in person and virtually
- Open computing resources and printing will be available
- Financial aid offices, Business offices and advising offices will be open
- Bookstores will be open
- Faculty can use classrooms at their class’ scheduled time to ensure access to technology for instruction

We are definitely in this together! MACC is focused on the overall Mission which is “To provide dynamic and accessible educational opportunities that empower our students and enrich our communities.” A huge thank you to the MACC Board and Administration for working so diligently to make sure our educational system is prepared.

The Career & Technical Education Division provided their spring scholarships for 19 students. Unfortunately, we were unable to present the scholarships in our normal ceremony format due to the COVID-19 quarantine. New Traditions is a statewide network of resource centers and resource personnel. The goal of New Traditions is to help members of special populations enroll, enter, and complete career and technical programs. New Traditions is designed to assist people who are facing economic challenges and need skills training. Its major purpose is to assist in planning careers that offer more job security, higher pay and employment success.

**The Displaced Homemaker Fee Waiver Scholarship** were provided by local area career centers that did not use their funds for high school students: Moberly Area Technical Center, Davis Hart Career Center of Mexico, Hannibal Career & Technical Center and Linn County Career & Technical Center of Brookfield. Recipients this semester were Shaina Howatt, Licensed Practical Nursing Program, Moberly Campus; Morgan Williams, Mechatronics Program, Moberly Campus; Karyssa Giboney, Associate Degree Nursing Program, Moberly Campus and Britany Williams, Associate Degree Nursing Program Moberly Campus.

**The MACC Institutional Scholarships** continued for the spring semester, went to: Christopher Wilson Associate of Arts in Social & Behavioral Sciences, Moberly Campus and Layla Warren, Associate of Arts in Social & Behavioral Sciences, Columbia Campus.

**The Breaking Traditions Scholarship** continued for the spring semester (selected by the instructors and submitted to a committee governed by the Department of Elementary & Secondary Education; this is a continuation of their scholarship which began in the fall of 2019). The recipient continuing this scholarship award was Joshua Scott, Associate Degree Nursing Program, Moberly Campus.

The next group of private scholarships were provided by local individuals and organizations.

**Kimberly Anne Enochs Memorial Scholarship** to Jessica Young, Practical Nursing Certificate Program, Moberly Campus

**Beta Sigma Phi Scholarship** to Alisha Tuck, AA Teaching Columbia Campus

**VFW Auxiliary 2654/ Moberly Scholarship** to Brittany Momphard Associate Degree Nursing, Moberly Campus and Heaven Maggard AA Health Sciences, Pre-Associate Degree Nursing Moberly Campus

**New Traditions Advisory Committee Scholarship** to Angela Echelmeyer AAS Early Childhood Education, Columbia Campus

**Carol Lee Hazlet Scholarship** to Destiny Herndon, AAS Information Technology, Virtual

**Darrell Stuart Memorial Scholarship** to Shawna Patterson, Certificate in Business Management Administration, Online

**Ruth Lawrence Memorial Scholarships** to Rebeka Pyatt, Associate Degree Nursing, Moberly Campus and Laquoia Warford, AAS Early Childhood Education, Columbia Campus

**Family & Community Education Scholarship** presented to Zach McReynolds, AA General Studies, Moberly Campus and Melissa Eskew, Associate Degree Nursing, Moberly Campus

**PEO KJ Chapter Scholarship** presented to Britany Williams, Associate Degree Nursing, Moberly Campus

MACC thanks each and every scholarship provider. These scholarships help students with tuition, fees, books, supplies/ technology or equipment, lab fees, etc. We appreciate the dedication and support for our students!

---

Who is eligible for New Traditions? Individuals must meet qualifications to be in the New Traditions Program and complete an Intake form to be considered for any of the scholarship opportunities. Non-traditional students are individuals who are seeking employment in an occupation traditionally dominated by the opposite gender. Single-parents are individuals who are unmarried or legally separated from their spouse and are pregnant or have a minor child(ren) for which the parent has either sole or joint custody. Displaced Homemakers are individuals who are divorced, widowed, separated, or have a disabled spouse, and must prepare for paid employment. Individuals from Economically Disadvantaged Families including foster children. Girls and women 14-25 are female students seeking vocational skills to enable them to support themselves and their families. Individuals with disabilities and individuals with other barriers to educational achievement, including limited English proficiency. It is important to note that the committee selecting recipients also look at the number of hours the student is enrolled in as well as their GPA. <http://www.macc.edu/index.php/services/new-traditions> For more information or to request an application form, contact Sonda Stuart at 660.263.4100 ext 11232 or [sondas@macc.edu](mailto:sondas@macc.edu).

University of Missouri College of Veterinary Medicine  
1600 East Rollins St. | Room W103 | Columbia, MO 65211

MARCH 2020  
COLLEGE BRIEF

## MACC ASSOCIATE OF APPLIED SCIENCE SURGICAL TECHNOLOGY

- 1 What is it?**

MACC is proud to announce a new AAS in Surgical Technology. The professional coursework will be a one-year program. Students will be required to take 21-24 credit hours of general education courses prior to beginning the program. Students will complete coursework in patient care and safety, instruments, surgical procedures as well as clinical hours in an operating room.
- 2 Why are we doing it?**

MACC was approached by the Columbia Area Career Center offering to transfer sponsorship of their Surgical Technology program to MACC. CACC's surgical technology program has had a history of providing quality instruction as a certificate program. The current standards suggest that an associate degree is preferred for entry level practice. Additionally, there is a high need for certified surgical technologists in Missouri.
- 3 What are the goals?**

The Associate of Applied Science in Surgical Technology program provides a combination of subject matter and clinical experiences designed to prepare a person to provide high-quality, safe, effective, patient-centered care to individuals as an integral member of the perioperative team.
- 4 Who is it for?**

Surgical Technology is a healthcare career that can be entered into quickly with a projected employment growth rate of 12%. This program is for anyone wishing to work in the operating room, assisting surgeons and making a difference in patients lives.
- 5 Who is doing it?**

MACC Health Sciences is adding this program in Columbia at the Columbia Area Career Center. The program will be under the direction of Carrie DeLine, Director of Surgical Technology.
- 6 Where is it being done?**

Classes for Surgical Technology will be offered at the Columbia Area Career Center. General education courses are offered at all MACC campuses.
- 7 When does it start?**

Professional coursework – Fall semester, 2020.
- 8 What can I do to be involved or supportive?**

You can support MACC's programs by sharing the information with potential and current students. You can also spread the word to potential employers for our students!

For more info: A good place to start is with Carrie DeLine, Director of Surgical Technology (573-214-3800, ext. 29821) or Health Sciences Advisor, Mark Chambers (660-263-4100, ext. 11288). You can also contact the Dean of Health Sciences Office (660-263-4100, ext. 11250).
